

You can now reuse at Household Recycling Centres too

Reuse containers are now located at some of our sites, such as Bromsgrove (Quantry Lane) and Pershore (Hill & Moor) Household Recycling Centres. We are continually improving sites and for the most up to date information visit www.letswasteless.com

Site attendants keep an eye out for any items which are too good to throw away and that are suitable for reuse, putting them aside for collection by the reuse organisations.

You can leave all types of furniture in the containers, including beds, chests of drawers, tables and chairs. Like all donations to re-use organisations, furniture must be of a reasonable standard and soft furnishings must have a fire label. Other household items such as bric-a-brac and tools are also welcomed.

Local charities then collect the items, which are made available to people in need at low cost.

In addition to this, bicycles can be left at sites such as Kidderminster, Hereford, Pershore and both Worcester sites, where they will be collected and reused by local organisations.

Tip

Watch out for additional reuse facilities at sites across Herefordshire and Worcestershire in the future at www.letswasteless.com

One man's junk is another man's treasure

Donating old clothes and bric-a-brac to charity, reusing scrap paper for your shopping list and making small repairs are all easy things you can do to reduce waste.

If you donate unwanted items to your local charity shop or reuse organisation, someone else can buy them and the money will go to a good cause.

Reuse on the web

eBay is an online auction site. Auctions are held for used, pre-owned or new items. eBay is an excellent way of selling items that are no longer of use to you.

Sites such as Freecycle and Freegle match people in local groups who have things they want to get rid of, with people who can use them. All items listed are FREE. It's like 'eBay without the money'.

Swapit is a slightly different site, as the name suggests it is a web based swap shop. You get extra points for making swaps which can then be used to purchase other items on the site.

Viktoria from Worcester

“

I love mooching around car boot sales and **charity shops**. I've found so many **bargains**. I recently bought a dress for £2.50 which was this season's stock in a high street store. My dining room is **totally "reuse"** the curtains were my sister's, the boots from a charity shop, the blue and white pottery and baskets came from **car boot sales** and a vintage wall cabinet cost me £3 at a local fete. With a little care and for just a few pounds you can pick up some great items to give your home a new look.

”

Tip

Please remember to donate only items that are in fair to good condition.

The possibilities are endless
